

## What is the training timetable ?

- We give you challenges and/or one or two module(s) per week .
- Each week will have its own basic challenge.
- A detailed explanation can be given by a tutor if you get lost with the slides.
- Thus said, this is your timetable :
  - Week 1 : **Introduction; Data Type - Functions; Challenge I; Challenge II; Challenge III**
  - Week 2 : **Conditions and booleans ; Arrays; Loops; Collections:Stack, Queue, ArrayList; Challenge IV**
  - Week 3 : **Map: HashMap ; Modules: Random ; Challenge V; Challenge VI**
  - Week 4 : **Modules: JfreeChart ; Challenge VII ; Challenge VIII**
